We have been advised that the original of the enclosed Xeroxed letter will be sent to you today by Certified Mail with a probable receipt on Monday or Tuesday.

In delivering these copies, Mr. Boyle stated that there will probably be a second letter sent shortly to each respondent. The reason for this is the Staff is uncertain as to whether the Commission did or did not direct that in those advertisements in which the warning rectangle was at the bottom or in the border, violation should be charged in the complaints or included in the areas for discussion.

Mr. Boyle further stated that no press release would be issued until the complaints are sent to the Department of Justice. He said that the Commission in its Minutes had directed that complaints be forwarded to the Justice Department "immediately." He suggested that the complaints would be sent in the next week or two. He further observed that the direction was that the Staff could forward the complaints; and it would not be necessary for the Chairman or the Commission to review each complaint. The reason for this was that in the Staff report to the Commission, a draft complaint had been included.
